# TERRY LIFTS

*the one to trust*

**When it comes to finding a lift, you can be sure the one you're looking for will be the one you find at Terry Lifts.**

Because at Terry Lifts, we take the time to understand exactly what you need. Which means we can provide you with the perfect lift to fit your home and your lifestyle—proudly made in Britain and installed by experts you can trust.

After all, we've been working in the lift industry for more than 50 years, meeting the highest standards in quality and safety. So you can be confident the lift you choose will be there for you for many years to come.

**It's everything you'd expect and nothing less from the one you can trust.**

## Terry Lifts

### *Freedom & choice, all in one lift*

When it comes to finding a home lift, Terry Lifts offers the ideal solution that meets your needs. Whether traveling standing, seated in a wheelchair or together with a carer, the Harmony FE home lift will allow you to move freely between floors safely, smoothly and quietly. The lift features a wide range of cabin sizes to choose from, so you are sure to find a model that fits your needs.

Our Harmony FE Home lift requires much less space than a conventional lift. There is no shaft or structure required and the footprint of the lift is so compact that it can be placed almost anywhere in your home. What's more, you can be sure your lift is made to meet the highest standards, so it will be there for you for many years to come.
